Guidelines, Instructions and Maintenance

- TPE material is soft and flexible so the product's shape may change during packing and transportation. In such a case, apply a warm towel or use soft setting on the air dryer while waving the dryer. The shape will recover very shortly.
 - In case of allergies to any rubber products, please wear protection prior to use.
 - This product is made from TPE outer material and inner metal skeleton. The products has undergone rigorous testing and temperature treatments and is safe for body contact.
- ☐ Cleaning
- Inspect and clean the product thoroughly once or twice per month for best maintenance.
 - Use warm or cold water washing. Do not use hot water.
 - Use soap suds or diluted soap water for cleaning. Do not use alcohol, disinfectors, and acid based cleaners.
 - If storing for over several days, it is advisable to put baby powder on the surface of the product to protect from dust and maintain dryness.
- ☐ Repair
- In case of cuts or breaks, clean the cut first and dry it. Then apply TPE glue as needed.
- ☐ General Notes
- Avoid scratching any part of the product.
 - Product can withstand up to 330lbs or 150kg of weight pressure.
 - Keep in dry, cool environment. Avoid direct sunlight and humidity for extended periods of time.
 - Avoid leaving colored garments on the product for extended periods of time.
 - Product is designed according to human anatomy. Bend, move, and positions gently.
